Perbadanan Bekalan Air Pulau Pinang Sdn Bhd (PBAPP)

WATER WORKS TO REPLACE NRW FLOW METER: OVERNIGHT 8-HOUR SCHEDULED WATER SUPPLY INTERRUPTION IN TAMAN SERI JURU AND A SECTION OF THE BUKIT MINYAK INDUSTRIAL PARK THIS WEEKEND

- **10.00pm on Saturday, 28/10/2017 – 6.00am on Sunday, 29/10/2017.**
- **Affected: 3,600 people in Taman Seri Juru and 100 trade consumers in Bukit Minyak (factories).**
- **Reason: Replacement of a 600mm electromagnetic flow meter to enable accurate measurement of non-revenue water (NRW).**

PENANG, Monday (23/10/2017): Water works to replace a non-revenue water (NRW) measurement meter will be carried out near the junction of Jalan Bukit Minyak and Jalan Perindustrian Bukit Minyak this weekend.

A new 600mm electromagnetic flow will be installed to accurately measure non-revenue water (NRW) losses in the Bukit Minyak Industrial Park.

To enable meter replacement works, Perbadanan Bekalan Air Pulau Pinang Sdn Bhd (PBAPP) must temporarily “shut down” an existing 600mm MS (mild steel) water supply pipeline in the area.

The shutting down of this 600mm supply pipeline will cause a scheduled water supply interruption, from 10.00pm on Saturday, 28/10/2017, to 6.00am on Sunday, 29/10/2017.

This scheduled water supply interruption will affect 3,600 residents in Taman Seri Juru and 100 factories in the Bukit Minyak Industrial Park.

Please refer to the map in ‘Appendix A’ that shows the affected areas.

Affected consumers are kindly advised to store sufficient water for overnight use.

The meter replacement works have been scheduled on an overnight basis, and over a weekend, to minimise inconveniences to consumers. The installation of the new 600mm electromagnetic flow meter is necessary to ensure precise NRW management in the Bukit Minyak Industrial Park.

Please remember to store sufficient water for use from 10.00pm on Saturday, 28/10/2017 to 6.00am on Sunday, 29/10/2017.

PBAPP deeply regrets any inconvenience caused.

Thank You.

Dato' Ir. Jaseni Maidinsa,
Chief Executive Officer,
PBA Holdings Bhd (PBAHB) and
Perbadanan Bekalan Air Pulau Pinang Sdn Bhd (PBAPP)
